

Microsoft Developers – ASP/VB6/Web/SQL

- **Seeking Your Solid Technical Expertise in Classic ASP**
- **Join our Consulting Team**
- **Contract Opportunities, Immediate Start**

Artis is one of Australia's fastest growing professional services organisations and a Microsoft Business Partner, headquartered in St Leonards with blue-chip enterprise and government clients right across Sydney. We take great pride in hiring the very best technical staff, placing them on challenging projects and supporting them with a proven development and mentoring program, along with offering project variety. Artis' track record in designing and delivering IT solutions and services is an enviable one.

Artis has upcoming project opportunities for an experienced **VB6 /ASP Analyst Programmer** with experience and competence in coding & developing web pages, alongside some knowledge and/or experience in the creation of back end data queries and reporting, using SQL Server.

Our projects are varied, but to start, you will be part of our client's onsite technical team working on the enhancements & development of some key business & web based applications. Aside from your excellent interpersonal skills, time management and business rapport, you will be able to demonstrate:

- Expert skills in **VB6 & Classic ASP** applications development;
- Experience in use of HTML / DHTML & XML;
- Expert skills in coding with VBScript & JavaScript
- Solid knowledge and working experience with SQL Server 2000/2005/2008, with an ability to develop stored procedures;
- Any experience in BI tools, like Microsoft SSIS & SSAS, a plus;
- Large enterprise/ complex applications environment experience, a plus; and
- University degree in Computer Science or equivalent and ideally, hold relevant Microsoft certifications.

We invite you to peruse our website: www.artisgroup.com.au and welcome your expression of interest in this position. To apply, please use the **APPLY NOW** button below or send your resume to: careers@artisgroup.com.au
