

Dynamics 365 Business Central / NAV Consultant

Sydney or Adelaide or Brisbane

About us

The selfie...

Founded in 2005, Artis Group is a boutique, multi-award-winning company and certified Microsoft Gold Partner. Our mission is to deliver digital business outcomes for our clients that enable customer engagement, empower employees, optimise operations and future-proof their businesses. We work in partnership with our clients – listening to their business issues and problems first and foremost. Together we can then design the right solution that will dramatically improve business performance and speed ROI.

About the role

In a nutshell, we are looking for...

An experienced D365 Business Central/NAV Consultant to join our growing BC/NAV practice in Sydney, Adelaide or Brisbane. We are looking for a functional consultant who has a passion for Microsoft with expertise in Dynamics Business Central, someone who is experienced in working directly with internal and external stakeholders to identify, understand and solve complex business challenges, technical requirements, and other project objectives.

Desired Experience

The knowledge and experience you will bring to Artis...

- Extensive knowledge and experience (5+ years) in providing advice, expertise, specialist skills and consultancy services in Microsoft Dynamics Business Central / NAV.
- Experience in breaking down complex business processes into simple elements and taking ownership of problems to ensure resolution.
- Functional knowledge of Dynamics NAV / BC Financial Management, Accounting, Supply Chain and Operations.
- Experience developing costed solutions for customers in either a presales, consulting or project delivery role.
- Hands-on experience with implementing Dynamics BC / NAV.
- Hands-on experience with Dynamics BC / NAV data migration, upgrade and integration.
- Hands-on experience in building Dynamics BC / NAV solutions.

The Competencies

The skills and personal attributes to be successful...

- Strong communication skills, both written and verbal, and the ability to work well in a team environment.
- Strong analytical and discovery skills to solve difficult problems with effective solutions.

- Strong interpersonal skills, such as being effective in persuading others successfully and assertively.
- Strong consulting skills, such as problem solving, creativity, critical thinking, flexibility and a solution, customer & value mindset focus.
- Strong entrepreneurial attributes, such as seeking and acting on opportunities, initiative, desire to produce work of high quality, systematic planning and problem solving.

Our Culture

What to expect...

Because we value our employees and their families, we offer an agile and flexible working environment with an emphasis on work life balance, as well as learning opportunities and room to grow your career. We love to offer attractive salaries and a great place to work.

We have an experienced leadership team, excellent technology and product expertise, and strong relationships with a broad base of customers and partners. Our Business Central practice is growing at a considerable rate due to several medium and large projects and a strong growing pipeline. Join us to be part of our amazing journey!
